

In blok 2 leer ik:

$$8 \times 3 = 24$$

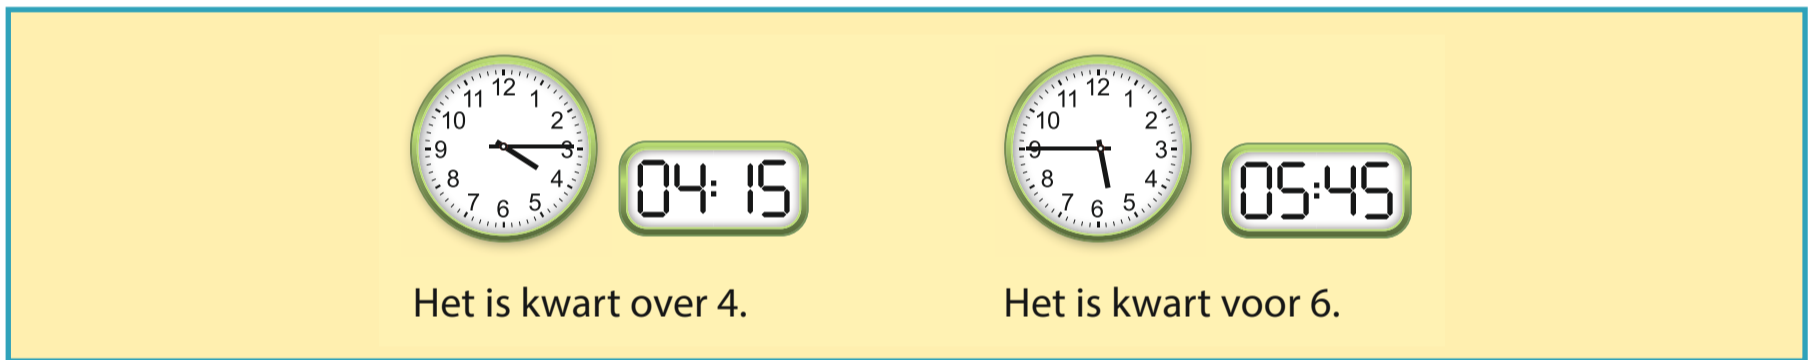

**Blok 2.1** optellen en aftrekken met tientallen.

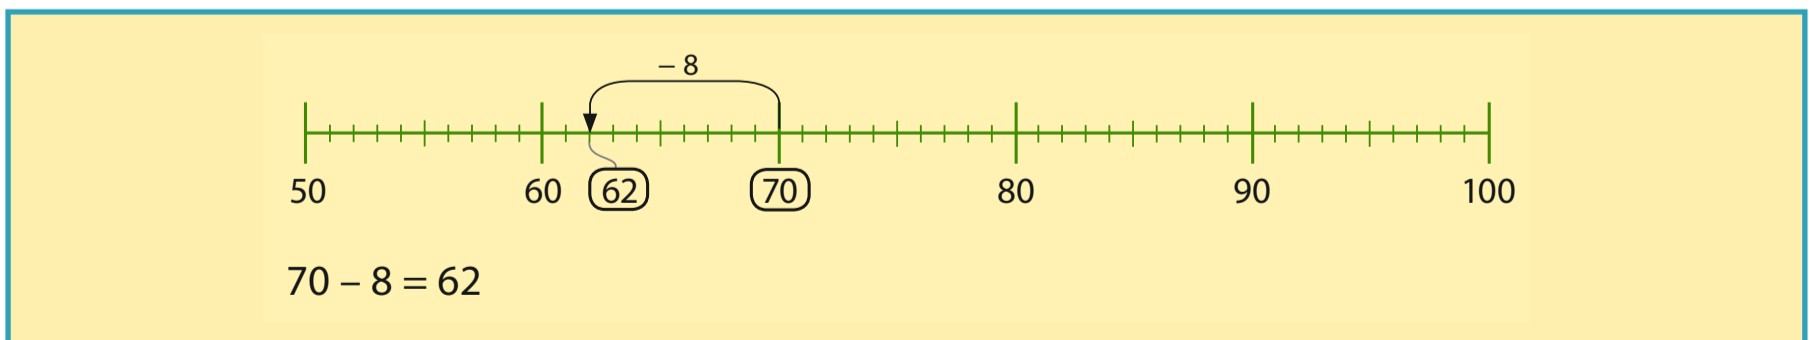

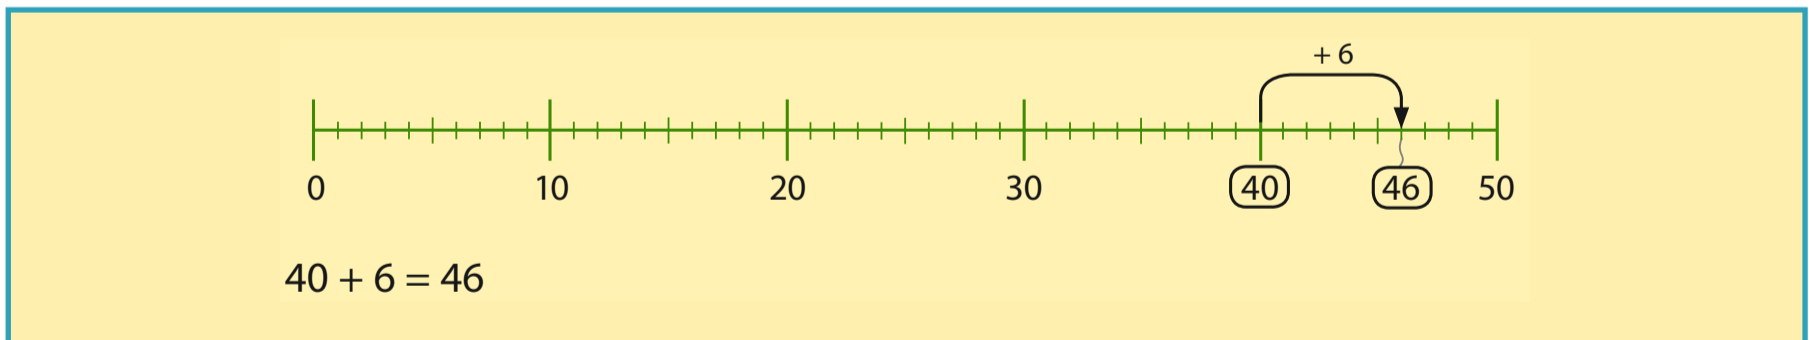

$$56 : 7 = 8$$

**Blok 2.2** klokkijken met kwart over en kwart voor.

$$800 + 50 + 4 = 854$$

**Blok 2.3** optellen en aftrekken binnen het tiental zoals  $40 + 6$  en  $70 - 8$ .

$$75\% \text{ van } 80 = 60$$

$$5000 + 10 = 5010$$

$$\frac{2}{3} : \frac{1}{3} = 2$$
